NOTES PERTAINING TO TONE-CAPABLE 289H MONITORS:

❖ Data Tone and Locator Tone are NOT available for any Sparton Dedicated Replacement Cards.

❖ When upgrading an existing 289H LSS monitor for tone capability, certain PressureMAP software and hardware EPROM requirements must be addressed. Please contact System Studies' Technical Support Department for more information (800-247-8255 or 831-477-8945).
